 10. Food for Thought: *To assume that one can simply have students memorize and routinely execute a set of strategies is to misconceive the nature of strategic processing or executive control. Such rote applications of these procedures represents, in essence, a true oxymoron-non-strategic strategic processing.*

— Alexander and Murphy (1998, p. 33)

“This is a day when all Americans from every walk of life unite in our resolve for justice and peace. America has stood down enemies before, and we will do so this time. None of us will ever forget this day. Yet, we go forward to defend freedom and all that is good and just in our world.” -- George W. Bush 9/11/01
